# The Number Game

Cut out the 10 cards at the bottom of this page or use 10 note cards numbered from 0 through 9. Shuffle the cards, and put them face down.

1. Turn up one card at a time. Write the digit on each card in any of the blank spaces below before turning over the next card.

     Score: \_\_\_\_\_

Score:

1 point if your number is from 0 to 999;

2 points if your number is from 1,000 to 3,999;

3 points if your number is from 4,000 to 6,999;

4 points if your number is from 7,000 to 9,999.

Repeat Exercise 1 four more times. Write each digit in a .

Write the score on the line. Reshuffle the cards after each deal.

2.     \_\_\_\_\_      3.     \_\_\_\_\_

4.     \_\_\_\_\_      5.     \_\_\_\_\_

6. Write your total score. \_\_\_\_\_

7. Explain why your total score would be higher if you were allowed to turn up all four cards before writing down any digits.
