

Graphing True or False

Washington Elementary School kept a record of the number of books read by each grade in October. Gwen is using the data in the table to make a bar graph. Tell whether each statement is *True* or *False*.

Grade	2nd	3rd	4th	5th	6th
Books Read	395	419	461	443	511

- Gwen's graph will have 5 bars. _____
- The bar for 3rd grade will be twice as tall as the bar for 2nd grade. _____
- The bar for each grade will have a greater length than the bar for the grade before. _____
- The 6th grade bar will have the greatest length. _____
- The title of Gwen's graph should be "Number of Books Read in November." _____
- Complete the bar graph using the data in the table. _____
