

# Table That Rule

Below are some tables. Dewey, Corrie, and Isaac each try to guess the rule. If the rule is correct, write **yes**. If the rule is incorrect, write the correct rule. Complete each table.

1. Dewey says, "The rule for this table is divide by 4."

<b>Dewey's Table</b>	16	32	56	48	12	18	24	30	<i>n</i>
	8	16	28						

---

---

2. Corrie says, "The rule for this table is multiply by 2, then subtract 1."

<b>Corrie's Table</b>	7	2	6	4	12	3	10	5	11	<i>n</i>
	13	3	11							

---

---

3. Isaac says, "The rule for this table is add 1."

<b>Isaac's Table</b>	2	9	6	4	3	5	8	7	9	<i>n</i>
	3	24	15	9
