

Connecting Models and Symbols

Draw pictures to tell how many are in each group and how many are left over.

1. 57 CDs in 8 organizers

2. 62 stickers on 5 rolls

3. 44 plants in 6 rows

4. 37 chairs for 9 tables

In **5** through **8**, use the model to complete each division sentence.

5. $27 \div \square = \square$ R3

6. $\square \div 9 = \square$

7. $\square \div \square = \square$

8. $\square \div \square = \square$ R \square

9. Ken has 72 marbles. He decides to share them with his friends so they can play a game. Which of the following models shows Ken sharing his marbles?

10. **Writing to Explain** At Mr. Horne's farm there are 53 cows. There are 4 people who milk the cows each day. Does each person milk the same number of cows? Use a model to help you.
